### Statement of Reasons for Allowance

1. Claims 1, 3-12, 15, 22-28, 31 and 34-37 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The present invention is directed to a text input system for a mobile electronic device.

**Claims 1, 6, 22, 34** recite, or similarly recite, wherein for at least one particular letter, said associating comprises associating an area of said touch interface with said particular letter by joining the centers of letters nearest to the particular letter.

The closest prior art, Chua (US 20040183833 A1) and Davidson (US 5627567) show a substantially similar text input system. However, Chua (US 20040183833 A1) and Davidson (US 5627567) singularly or in combination, still fail to anticipate or render the above cited limitations obvious. Chua and Davidson fail to explicitly disclose at least one particular letter, said associating comprises associating an area of said touch interface with said particular letter by joining the centers of letters

nearest to the particular letter as illustrated in Figure 8B of the drawings;  
further elucidated through applicants specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on the statement of Reasons for Allowance".
